E-revenue Gateway Ltd.

Background

e-Revenue Gateway (e-RG) is a payment processing and electronic transaction switching company. The company is setup to handle revenue collection with real time reporting and volume processing of prepaid, debit, credit card, and EFTPOS transactions. The owner has been looking for HD surveillance to secure the office premises, which requires long duration of recording days as well as extreme safety on the recorded data.

Solutions

GKB proposed GKB D3622TIRO (Wall mount, outdoor 1.3MP IR H.264 network camera), GKB D6122P (Outdoor 1.3MP IR H.264 network camera), and GKB DZ260 (Outdoor 26X optical H.264 network speed dome camera) for the premises. There are total 26 cameras are installed in this project. Due to the demand of long recording duration, GKB also proposed GKB 8HDD Bay standalone NVR with RAID5 ability to highly secure the recording video data and recording performance. The software, NVR10 is supplied in this project to record up to 64 * 1.3MP IP cams although this project only has 25. The facility may consider expand the camera quantity in the long run.

Benefits

Using GKB Diplomat solution is very economical. The free NVR10 recording software allows end users to achieve high definition surveillance solution with minimum investment in recording. GKB 8HDD bay standalone NVR contributes e-RG long recording duration request as well as high level protection to the recorded video data with RAID5.
